the liberty of writing to request you
to obtain and send me a Renewal
of Passport 691. given 9th Jan. 1846
to Rev Timothy Bermingham, who
is about to visit Europe and needs
such a document. I see by the pa-
pers that you had left Washington
and had again returned, and have
resigned. Still I hope it will not be
inconvenient for you to get the passport,
at an early day, for the reason I sug-
-gested in my previous letter.

As you are in the centre of politics
I need not ~~say~~ a word on that subject.
Within seven days, I presume we will start
one stone out of the Mountain side. Where
it will roll to, how many others will follow
in what condition they will ultimately
reach the valley. - and what sort of a

hell they will form, is I think more
than any man can tell. I fear that
neither of us will live to see the com-

DEPARTMENT OF STATE,

WASHINGTON, August, 1857.

Citizens of the United States visiting foreign countries are liable to serious inconvenience, if unprovided with authentic proof of their national character. Their best safeguard is a passport from this Department, certifying the bearer to be a citizen of the United States. Passports are issued gratuitously upon application supported by proof of citizenship.

This proof need be transmitted but once. On all subsequent occasions, a simple reference to it, and to the period when it was presented, will be sufficient.

When the applicant is a *native citizen of the United States*, he must transmit an affidavit of this fact, signed by him, stating his age and place of birth, and sworn to by himself, and one other citizen of the United States named therein, to whom he is personally known, and to the best of whose knowledge and belief the declaration made by him is true. This affidavit must be attested by a Notary Public, under his signature and seal of office. When there is no Notary in the place, the affidavit may be made before a Justice of the Peace, or other officer authorized to administer oaths.

If the applicant be a *naturalized* citizen, his certificate of naturalization must be transmitted for inspection. It will be returned with the passport. The widow or the children of a naturalized citizen must transmit the certificate of the naturalization of the husband or the father, stating under oath that they are such widow or children.

The application should be accompanied by a description of the person, stating the following particulars, viz: Age: 28 = years. Stature: Five feet seven $\frac{1}{4}$ = inches (English measure.) Forehead: high Eyes: ~~blue~~ grey Nose: large Mouth: large Chin: round Hair: dark chestnut Complexion: dark Face: oval

When the applicant is to be accompanied by his wife, children, or servants, or by females under his protection, it will be sufficient to state the name and ages of such persons, and their relationship to the applicant.

Persons who leave the country, expecting to obtain passports, whilst abroad, from the Diplomatic or Consular agents of the United States, are liable to disappointment; inasmuch as it is the duty of those agents not to grant documents of that character, except to persons who are certainly known to be entitled to them; and it is sometimes difficult, if not impracticable, to procure proof of this fact in a foreign country.

Certificates of citizenship or passports issued by State authorities, or by Judicial or Municipal functionaries of the United States, are not recognized by the officers of foreign governments; and by the twenty-third section of the act of Congress, approved on the 18th of August last, it is made penal for such authorities and functionaries to issue such passports.

My dear Sir, I have had the honor to receive your letter of the 27th inst. in receipt of instructions from the Navy Department to proceed per steamer to the 5th of the present to Springfield, Mass. I had been informed that you were to be there and I had accordingly made arrangements to be there at that time. I had also been informed that you would accept my sincere thanks. I had felt confident that Mr. Tacey would not allow me to be much longer and was consequently fearful lest I should be required to do some craft in the Gulf or Coast of Africa, and you may imagine the agreeable surprise at receiving orders to the Mediterranean Squadron.

As I am necessarily obliged to travel through France and Italy I am going to ask of you to procure for me a "Pass-port" from the State Department. By procuring it before my departure I shall meet with less delay at Havre and other points on my route and besides it will be useful to me during my absence from the U.S. Will you oblige me by sending the leaf of State and return it to me in care of me at the St. Nicholas Hotel, New York, so that it may reach me by the morning of the 5th of January.

Below I give you the necessary description.

mail from the Department of the Interior
of the 3rd of the present month to the effect that
I had been appointed for the term of six months
to the position of Surgeon in the Army of the United States
and that I should proceed to the City of New York
to take possession of the office. I had felt
that Mr. Tucey would not allow
me to be absent much longer and was consequently
fearful lest I should be ordered to some
craft in the Gulf or ^{on the Coast} of Africa, and you
may imagine the agonizing surprise at receiving
orders to the Medical Squadron.

As I am necessarily obliged to travel through
France and Italy I am going to ask of you
to procure for me a "Pass-port" from the State
Department. By procuring it before my departure
I shall meet with less delay at Havre and
other points on my route and besides it will
be useful to me during my absence from
the U.S. will you oblige me by sending the Secy
of State and obtain it from him and deliver to me
at the St. Nicholas Hotel, New York, so that it may
reach me by the morning of the 5th of January.

Below I give you the necessary description.

~~Henry and~~ and John Jacob both natives of Hesse Cassel now residing here, desire to revisit their "father land" and for the purpose of avoiding possible difficulties wish to obtain passports. John is now a citizen of the United States. Henry has declared his intentions to become such. The certificates showing these facts are enclosed. I also enclose the passports obtained by them when they left Hesse Cassel, from which the description of the persons can be obtained except as to age and height. John is now about 24 years of age and five ft 11 in height. ~~Henry is 19 years old and five feet 11 1/2 in. in height. The balance of the description is I presume correct. I know these men personally and know them to be worthy persons. If any papers must be signed by them to enable them to obtain passports you will please forward them to me~~

Dear Sir

Whither are we drifting? Has a fratricidal war become inevitable? Is this Union which has hitherto been our pride and boast about to cease to be? Is it so that the day of compromise is past, and that the spirit of concession has no longer a lodgement in the American heart? I

will still hope even against hope. It does seem to
me that a reaction is taking place in public senti-
ment in the North. I know it is so here. Many very
many who a few weeks ago were opposed to all
compromise, to all concession, are now ready to sus-
tain Crittendens proposition or any other reason-
able plan of adjustment. The Presidents policy too
is viewed now in a very different light. A few
weeks ago he was charged with aiding the secession-
ists and betraying the Country into their hands
now these same men are forced to acknowledge
that the very "do nothing" policy - the "masterly inac-
tivity" which they condemned, was both wise and
prudent. The message just rec^d this evening I
have commended by men of both parties - I have
as yet only glanced over it hastily - I do hope sin-
cerely hope that He who gave to our forefathers
the patriotism and wisdom which framed our
government and has hitherto been manifested
in its administration, will save us from the
evils which are now impending and seem to por-
tend our sudden disruption.
